

April 2023

# Rescue One

## Fur The Record

Gatlin

I am sure many of you have been wondering what is going on with our new facility project. The pandemic caused building costs to skyrocket so we decided to try to wait it out until they started declining again. We recently interviewed and selected Branco as the construction company for the project. They were chosen due to their experience with similar projects and ability to self perform.

Ellen (President), Colby (lead vet tech and cat intake coordinator), Dr. Keisker (staff Veterinarian), and myself (executive director) will be traveling to tour 4 newer facilities this month for ideas and layouts before the construction documents are finalized. After we return we will be meeting with our capital campaign committee to prepare our launch. We did receive a timeline of completion of November of 2024 if all goes as planned. This facility will open up so much more opportunity for our animals, our staff, and our community. As always, thank you for being part of the Rescue One team. We will keep everyone in the loop as updates are available!

*Stephanie Shelton*  
Executive Director

5TH ANNUAL  
RESCUE ONE  
**CANINE  
CLASSIC**

## Sponsorships Available!

**JUNE 10, 2023**  
at Rivercut Golf Course

Raspberry Hippo is now has her own t-shirt!  
They will be available on April 20th (if not before). They are \$20 and all proceeds from the shirt sales support the costs of her ongoing medical care. If you are new and not familiar with her story, she came to Rescue One from a severe neglect case which left her with an injured spine. Due to this injury she is currently unable to have control of her bladder or bowels and is having a hard time absorbing nutrients.

# Announcements

Sauerkraut

**The Rescue One Clinic is open Monday-Thurs from 8a-8p and on Friday from 8a-12p.**

- For non emergency questions or refill requests, please email us at [rescueoneclinic@gmail.com](mailto:rescueoneclinic@gmail.com)
- For emergencies and scheduling, please call the clinic. Please be on time for appointments and pick up your foster pet's monthly preventative. Failure to do so will result in an appointment for retesting.

## Attention Fosters

We are currently experiencing longer wait times for surgery due to an recent increase in intakes. We are extending surgery hours on some weekdays to help get everyone in.

We will also no longer have a vet available on Fridays due to Dr. Archuletta's schedule change at her other job. She will be coming in to do surgery on Thursday afternoons instead. We have a lot of senior breeder releases coming in that need dentals that are not on the schedule for them. Please let the receptionist know if one is needed so we can block out extra time.

## March Clinic

### Impact

Spays	78
Neuters	64
Amputations	4
Exams	301
Vaccines	409

## Don't Panic!

We are starting to see a lot of kennel cough, especially dogs coming in from auctions or that attend daycare. The typical sign of kennel cough is a chronic high-pitched honking cough. It can often be prompted by excitement, drinking, or gentle pressure applied to the base of the foster's neck. Your foster tugging at its leash may result in a paroxysm. Less commonly, there is also nasal or eye discharge and some dogs may suffer a slight fever or loss of appetite. The signs can last from a few days to several weeks. Cough suppressants to relieve persistent coughing can help and are available by calling the clinic. Antibiotics may be required when bacterial infections are involved. Contact us during clinic hours if you have any questions or if you think your foster may have kennel cough.

# We need foster homes!

Contact Sherri Jones if you can help!

## RIZZOLI

4 year old Terrier mix

Rizzoli is currently at the office. She is housebroken and needs to be an only pet. She is very sweet and has been bounced around a lot in the past 3 years. Please give her a chance!

## BFG

5 year old Domestic Shorthair

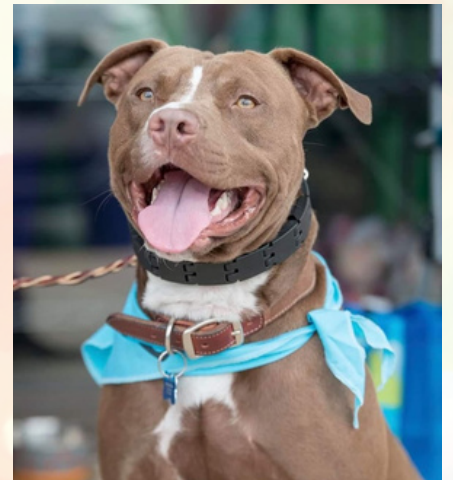

BFG is currently at the clinic. He is a friendly cat who is litter box trained. He is FIV+. If you have any questions about FIV or about fostering him, please reach out to the clinic.

## WAYLON

3 year old Pitbull Terrier

Wayon is currently at the office. While he has lived with other dogs, he does best in a home without them. Needs foster with no kids and respectful visitors. He is housebroken.

## OFFICE & CLINIC VOLUNTEER OPPORTUNITIES

### DOG WALKING

We have dogs in boarding that need walked. Exercise is important for their physical and mental health and is greatly appreciated.

### LAUNDRY

Stop by the office anytime during open hours and pick up a bag to take home with you. We provide detergent and bags to bring it back.

### CLEANING

Stop by the office or clinic and help clean! There is always something to do, donations to put away, or kennels to be cleaned.

### CAT CUDDLES

We currently have many cats and kittens at the clinic that need socialized or attention. Stop by and give them some love.
